ADU/TED:

Permit Number: 2021-MSS-RES-00268

Description of Work: NEW GARAGE SLAB/We would like to pour a slab foundation for a future garage. We built an addition on our house under a separate permit, and that permit included a requirement for 2 additional off-street parking spaces. We would like to construct the garage slab foundation now, to be used as and to satisfy the requirement for the parking spaces. We are not ready to construct the garage at this time. We will plan to apply for another separate permit in the future when we are ready to build the garage. We would like to construct the foundation now to include the minimum plumbing required to support plumbing in the future garage (e.g. tie-in to existing sewer). We will not be bringing electric or natural gas service to the garage location at this time; that will be handled in the garage construction permit in the future./ VB/ U
