I'm writing in support of the Mayor's Proclamation on Move to Amend which would negate the terrible Citizens United decision of years ago, and which Sue Kirchmeyer and others will speak to this evening. I support without reservation all the points Sue will present, as she has been steadfastly working on this issue for years. Obviously, the corporate influence on our elections is too great, and if the adoption of the Move to Amend step by cities can help to move it nationally, we should take that step. I hope you will vote unanimously to support the Mayor's Proclamation.Thank you. Ethel MacDonald, Ward 4
