Dear council,

Thought you should watch what's going on in more evolved "progressive cities"

Does this look like the type of activity you can reform or better with further training?

Does it look acceptable to you?

Link to video:
https://m.youtube.com/watch?v=KlHeElWz0Fk

By the way:

Thank you for rubber stamping all the .223 MPD practice bullets and the never ending water battle legal fees tonight. I'm sorry I wasn't there to celebrate

In other somewhat repeated news:

We've had FIVE police Officer involved shootings in Missoula since 2018.

The last two Officer involved shootings we both occurring last year (2020) have had ZERO involved officers disclosed to the public!

Apparently the naming of involved officers happens regularly during a "coroners inquest" which is apparently infinitely delayed in Missoula because of covid?

Isn't it time to be more transparent regarding these Officer involved KILLINGS with the Missoula community ?

Is there anything you feel like doing?

Here's what I know so far:

Frank Cogar
killed by MPD 1/15/2020:
He refused commands by officers to drop his gun.
I believe three officers shot Frank with an unknown number of .223 rounds but again no one knows...
Missoula county has yet to find the 911/radio traffic for it after much delay... yikes!
I attended hellgate highschool and personally knew Frank. I feel sad for his family's loss...

Jesse James Kale Brown
Killed by MPD 11/7/2020:
He was armed with a knife.
Shot 4 times after taser didn't work on him.
Father of two daughters. I feel even more sadness for this family. Truly gut wrenching...
Purportedly there's One officer involved yet to be identified... Again, nobody knows, because you won't show or tell us.

Have you guys thought about setting up a legal settlement fund for MPD?

Regards,

-Matts Larson
