Subject:	Re: Notification of Assembly - Defending The Public"s Right To Know
Date:	Sunday, January 24, 2021 1:18:25 AM

Hello For The 3rd Time,

I am writing to once again thank your city for its hospitality and to formally inform your community of another assembly. We are demanding that the charges against the Wikileaks founder, Julian Assange, be dropped immediately with Extreme Prejudice. Additionally, he must be granted Immunity and/or preemptively pardon for all "crimes" related to public disclosure.

Julian Assange remains in Belmarsh Prison in the UK, after he was again denied bail on January 6th. On January 14th the US Department of Justice filed a delay with the intent to appeal the UK's January 4th No Extradition ruling. The Judge's ruling to bar extradition was based solely on medical grounds and the horrible conditions of the US prison system.

The Judge accepted all legal arguments from the US, including that the US government has international jurisdiction to arrest non-US citizens in any nation for receiving, possessing, and/or disclosing factual information which is threatening to US interests.

Additionally, the Judge refused to accept evidence from a Spanish court case in which elements of the US intelligence community (most notably the CIA and private security contractor UC Global) were spying on Mr. Assange while he was talking with his lawyers in preparation for his case. This overt surveillance was weaponized against Julian Assange during his period of detention within the Ecuadorian Embassy. Included in the dismissed evidence are facts laid out by witnesses regarding plots to kidnap and assassinate the multi-award winning journalist, as well as operations targeting his two infant children.

We will be returning to assemble on February 28th from 2 to 4pm at the same location. We would like to invite members of your city's administration to join us at these events.

I appreciate your city's cooperation in the defense of the basic principles of press freedom and we look forward to having you join us.

Thank You.
Expect Us.

Regards,
Andrew Smith

Hello Again,

I would like to personally thank your city for participating in the January 3rd exercise in free speech and association. The reason for this follow-up email is two fold;

1. To provide an update on Julian Assange's case and the continued threat to free speech that his prosecution presents.
2. To notify your city of another assembly set to take place in the coming weeks.

The Wikileaks founder and publisher, Julian Assange, was served the amazing decision of "NO EXTRADITION" on Monday January 4th, 2021. This was a bittersweet victory, as the UK accepted the all legal arguments by the US. This included that the US Federal Government has the power to use the Espionage Act of 1917 to prosecute anyone, including non-American journalists, for receiving or publishing factual information about criminal wrongdoing.

The judge's decision for No Extradition was based on a very limited scope, specific citing the horrible conditions of the US prison system and Julian's commitment to suicide should he be sent to our country.

We will be returning to the same location on January 17th, 2021, from 2 to 4 pm, to demand Julian's immediate release and that the US Department of Justice drop the charges with extreme prejudice along with Immunity, or a preemptive pardon, being granted to Mr. Assange for all potential "crimes" related to previously published materials.

I appreciate all accommodations by your city to facility this exercise in our first amendment, to defend our first amendment.

Please feel free to reach out to me with any questions.

Regards,
Andrew Smith

(200 E Broadway St). We would like to invite the members of your city's administration to appear as speakers and supporters, safely, at this event.

We are demanding the immediate release of Julian Assange, the founder and publisher of Wikileaks, from Belmarsh Prison in the United Kingdom.

By our best estimate, we are expecting between one and two-thousand people in attendance during this event to show their support for the multi-awarding journalist.

Julian has been held in solitary confinement for the last 610+ days, awaiting an imminent ruling of extradition to the United States. He is the first ever publisher/journalists to stand trial under the US Espionage Act of 1917. His trial is a direct threat to the public's right to know as well as the very basic principle of "freedom of the press."

I ask you stand with us to defend the 1st Amendment.

Expect Us. Thank you.

Andrew Smith
