Hello,
My name is Madison Wilson and I am a resident of Ward 3 in Missoula. It has come to my attention that Mayor Engen and Missoula City Council has either already hired or is in the process of hiring a queer white woman-owned communications firm to research, analyze, and report on BIPOC experiences of racism in Missoula.

I am writing today to tell you that we do not need to spend more money trying to verify the BIPOC experience, we need action. We know what the BIPOC community has been experiencing through all of American history is real and needs to be resolved as quickly as possible. And if we are going to pay someone to research and "verify", then it should be a Black, Brown, Indigenous, or otherwise Person of Color leading the way.

Thank you for your time,
Madison Wilson
