Spend the 19 million! on mental health affordable housing, addiction treatment and social services!! NOT on the police and other crap. You stupied idiots. B/c a lot of homeless people have mental health issues or drug abuse a lot of times both. Problems which the police can't do anything to help out with. Sorry it doesn't make you guys MONEY! but what it would do is put the Soul back in MisSOULa. So please take this 19 million please put it back in to Spend **on mental health, affordable housing, addiction treatment and social services!**
