Subject: Please amend trapping bans
Date: Friday, October 2, 2020 10:35:05 AM

Dear members of the City Council,
I was very happy to hear that the City Council is considering amendments to the trapping ban. Missoulians love to spend time outdoors, with our pets --- and children. The danger of injury from illegal traps is real and scary, and it is not something we should have to worry about on public land. I hope you follow through on increasing penalties and making it easier for city employees to get rid of illegal traps and hold trappers responsible. Their selfish acts endanger everyone.
Thanks for your attention to this issue!
