

Downstream Summer 2017

New Ways of Thinking about Missoula's Water Resources

GARDEN CITY COMPOST

The City of Missoula has purchased EKO Compost. Under city management, the compost facility—now Garden City Compost—will continue to accept green waste from the public and will continue selling bulk compost.

The facility will no longer sell bagged compost, deliver compost, or make specialty products such as potting soil. This may change after a transition period. You can contact a local landscaping company for delivery and spreading of compost or topsoil.

SEASON: The compost facility is open March 1 through November 30 for the general public to drop off green waste and purchase compost between the hours of 9 a.m. and 6 p.m. Monday through Saturday. Compost and topsoil are only loaded until 4 p.m. daily. Special accommodations can be made for commercial operations needing to drop off green waste outside of general public drop-off season. Call 406-552-6619 for more information.

ACCOUNTS FOR BUSINESSES: To set up an account, please fill out a Garden City Credit Application and mail it to: Garden City Compost/Wastewater Division, 435 Ryman St., Missoula, MT 59802 or drop it off at the Wastewater Treatment Facility at 1100 Clark Fork Ln. between the weekday hours of 7:30 a.m. to 4 p.m.

TO CONTACT US:

Office hours are **Monday through Friday, 7:30 a.m.–4 p.m.**

Phone: **406-552-6619** | Fax: **406-552-6614**
