How are there abandoned property not being utilized for the homeless?
1. Halloween building
2. Old library
3. Red brick building by st pats
4. Two buildings across st pats
5. 234 west Broadway by fedex
6. Blue house by reserve street bridge
7. Adam and Eve building
8. Two other buildings on that strip
9. The sleepy inn that the city just defunded

Mayor you're just as bad as Ted Wheeler from Portland maybe we need a recall to un vote your seat of czarist politician attitude? Instead of utilizing these spaces Jon and his rich friends are teetotaler be drunk and corrupt. Instead of listening or responding these rich white guys just ignore my proposal for shelter in place programs. The mayor wants more banks and hotels but that money is being pork barreled and misappropriation is happening and I want to know what he needs to do to help the homeless. We don't need new structures. We have them the mayor just wants to gentrify everyone and it
Is his history of running people out of town to the south. We need a different mayor or one who cares more about people vs profit
