Minutes

Action Items:

- Approve minutes from April 12, 2018 - tabled

Public comment on non-agenda items: none

Action Items:

Discussion Items:

The committee took a field trip to look at a potential open space project on East Broadway. The property is on the north shore of the Clark Fork River and has potential to provide a key connection in Ron's River Trail, the riverfront trail on the north shore of the Clark Fork River, which is a high priority in a number of land use plans. The trail acquisition could potentially be combined with an affordable housing development, to meet multiple goals.

Adjournment: 5:00 pm
