His voicemail is for all the City Council people since Heidi West and Brian von Lossberg one block me and not even talked to me. One of their constituents. But I'm going to ask you is how did a settlement get paid out to someone who sued the Missoula City Police Department? And we, the citizens, were not made aware of how much was paid out for the First Amendment rights violation. This is being done to me systemically in your Police Department for the past six years, so someone needs to explain to me how you pay out a payment to someone who sued you for the same behavior you're doing to me. I have a letter to prove it. So chop chop somebody on the City Council. Call me up 4062406919 instant message me get to it. John Hull rig ulr IgG.
