

**Captain John Mullan**  
**Neighborhood Council Leadership Team Meeting**  
February 17, 2010 at 7:30 pm  
Barnes & Noble Coffee Shop

Meeting called to order at 7:30 pm

Present – Randy Johnson  
Kathie Snodgrass  
Nathan Howard  
Rod Austin  
Jordan Hager

Absent - Nathan Reynolds

The minutes from the November LT meeting were reviewed and approved. There were no meetings in December or January

March General Meeting – The meeting will be 7-9 pm at the Hellgate School common room. Nathan has arranged for Natalie Mauer with the school district to do a 10 minute presentation of Graduation Matters and Tim Else with the county road department to talk about the Mullan bike trail. Kathie will contact the City Parks & Rec department to ask them to do a short presentation on the charrette process that will be used to design the Pleasant View Park. She will also ask our City Council representatives to provide updates on what's happening in Missoula. After Jordan offered to buy refreshments and then realized he'd be out of town, Nathan said he'd do it.

We will begin planning for the neighborhood picnic after the general meeting. The Marathon isn't until summer, so we have quite a while until we need to begin working on that.

We have \$720.51 in our general fund and \$553.88 in the mailing supplement. Funds already committed are: \$400 for Landscape Architect services for designing the park, \$150 for food for the picnic, \$30 for refreshments for the general meeting. That leaves about \$150 that could be used for Charrette refreshments or other expenses.

Kathie updated the group on Community Forum. The LT agreed that she should bring to Community Forum their opinion that use of hand-held cell phones while driving should not be legal in the City of Missoula. They also asked her to convey to the Community Forum that they like the idea of immediate training for new LT members and also like the idea of a training session for all Neighborhoods on a Saturday, but would prefer a partial day, and would prefer that it not occur between May and October. The LT agreed that our new City-sponsored e-mail should be [CaptMullan@ci.missoula.mt.us](mailto:CaptMullan@ci.missoula.mt.us).

The Pleasant View Park committee has agreed to hire Kent Watson as the landscape architect, but the agreement hasn't been finalized yet. The committee is trying to identify a date for the Charrette and will be meeting with Donna and Dave from the Parks & Rec. department to begin planning for that.

The meeting adjourned about 8:30 pm.
