

H. Family Cremation Section.

1. This section allows up to four cremations.
2. Two cremations must be placed to the east of the monument and two cremations must be placed to the west of the monument.
3. A solid foundation strip is installed by Missoula City Cemetery.
4. A standard monument is required to be placed on the foundation strip. The standard monument must:
 - a. Be a "Tablet" style monument with height of 32" as measured from foundation to top of monument.
 - b. Sit upon a hearth measuring up to 50" long with a maximum width no wider than 15".
 - c. Inscriptions must be placed on the front and back of the monument and match the grave assignments.
5. Vases installed on the hearth are the only flower option available.
