

MISSOULA: *A Dementia Friendly Community*

Life shouldn't end when dementia begins!

Dementia Friendly Communities

A community that is informed, safe, respectful, and supportive of individuals with dementia and their families.

A community in which people with dementia are empowered to have goals, hopes, and confidence, knowing they can contribute and participate in activities that are meaningful to them and others.

Special thanks to
MTGEC University of Montana
Dementia Education
Community Grant

Please join the Missoula Coalition on Aging & Disability for an evening presentation

Olivia Mastry, JD, MPH, founder of the Collective Action Lab in Minneapolis, MN. Olivia is Executive Lead for the Lab's award-winning project, Act on Alzheimer's, a volunteer driven, state-wide collaboration aimed at creating dementia friendly Minnesota communities in response to the increasing numbers of people living with Alzheimer's and related dementias.

Kay Wallick, director of Dementia Friendly Wyoming, has 35 years of experience in social service administration. Recently, Kay worked with community members to create person-centered care for those living with dementia wherever they reside. This endeavor resulted in the receipt of a 3-year Administration for Community Living grant to support building a dementia capable community in Sheridan.
