

PLEASE READ REGARDING LEVELED OPEN PLAY AND ROUND ROBIN

In order to ensure a quality pickleball playing experience for everyone, we think it is important for all players to play at the appropriate level. In order to accomplish this, we have set several criteria, which should be met in order to participate at that particular level. We ask that you read these requirements and please play at the level that is appropriate for you. Thanks!

ADVANCED PLAY*

- Have at least a 4.0 USAPA rating
- Consistently finish in “A” division in tournaments
- Finish in the top quarter of the summer doubles ladder (meaning groups 1-3 in a 12 court ladder)

COMPETITIVE PLAY*

- At least a 3.5 official USAPA rating
- Consistently finish in the “B” division in tournaments
- Finish in the top half of the summer doubles ladder

* Because not everyone has a USAPA rating, we have listed other criteria to determine one’s level. A player should meet at least 2 of the 3 criteria in order to play at that level. We strongly recommend that everyone obtain an official USAPA rating.

INTERMEDIATE PLAY—This level is for those players who may not have a rating, yet have a solid understanding of scorekeeping, strategy and ball placement and have a substantial amount of experience. This is not intended for beginners.

OPEN PLAY—This level is open players of all levels providing you know how to keep score and/or have taken a Learn to Play class. Players are encouraged to play with other players of all ability levels.

PLEASE CONTACT MPR IF YOU HAVE QUESTIONS ABOUT YOUR LEVEL
