

October 8, 2019

Hello all,

As we're getting ready for the indoor season a few reminders, clarifications, and updates for the 2019-2020 season.

- Schedule can be found on the [google calendar](#) as well as [here](#).
- Punch cards are available for sale at Currents Aquatic Center or at the gym during sessions.
- Leveled round robin will be using [SignUpGenius](#) again. Instructions [here](#) if you're new to the system.
- We're limiting all sessions to 24 participants. We feel this number will encourage play and help reduce the amount of time waiting for games.
- Make sure when taking down/putting up the nets we're being gentle on the gym floors. Dropped pipes result in half-moon shaped dents in the floor.
- Use these [skill level descriptions](#) and play at appropriate times. These descriptions are meant to help folks play with similar skill levels and also see what the next level might look like for advancement.
- New this season! There are lockers outside of the gym. We will be working on locks for participants to use while at the gym. This will encourage safe use of locked belongings during play and keep storage closet access to staff only.

You'll be seeing some new faces around the gym. We're excited to bring you another season of play and we have some fun ideas in store. Please reach out if you have any questions.

Thanks,

Parks & Recreation
