Summary Description and rationale of project and funding sources:

Restore Caras, East Caras and Evelyn Borg Johnson Parks upon completion of phased bridge work and end of construction staging affecting the parks. MDT must ensure bridge work is completed per planned phase before individual park restoration work can proceed. Phase 1 restoration is expected to begin in August, 2021 and will involve affected Caras Park lands and facilities located between the new bridge deck, line west to the band shelter and south of existing Caras Park Drive to the River trail. Phase II restoration will occur in approximately May, 2022 and will involve East Caras lands used for construction staging, south of the parking lot. Phase III will involve Evelyn Borg Johnson Park and minor irrigation amendments and landscaping improvements.

History & Current Status: Impact if Cancelled or Delayed

The City has formally approved Rights-of-Way agreements with MDT that provide for cost-to-cure funding as well as compensation for use of parklands for staging. These funds have been received by the City. Cancellation or delay would affect public use of the parks as well as present public safety and liability concerns.

Are there any site requirements/ Potentially Affected Interest (PAI) Coordination:

MDT must ensure bridge work is completed per planned phase before individual park restoration work can proceed. Phase 1 restoration is expected to begin in August 2021 and will involve impacted Caras Park facilities between the new bridge deck line west to the band shelter. Phase II restoration will occur in approximately May, 2022 and will involve East Caras lands used for construction staging. Phase III will involve Evelyn Borg Johnson Park and minor irrigation amendments and landscaping improvements.
