## Welcome to Summer Camps 2026

Our team is dedicated to the relationship between outdoor play and healthy child development. With Parks and

Recreation, kids explore nature, build skills, develop resilience and relationships. These ideals are at the heart of our programs.

We strive to be the place where your child can succeed, struggle, try new things, make friends, laugh, and adventure.

On behalf of our amazing staff, we welcome you! We look forward to sharing your child's successes and adventures this summer.

Financial assistance is available—apply for a Share the Fun Recreation Grant at [www.missoulaparks.org](http://www.missoulaparks.org).

Please reach out with any questions, comments, or concerns. We're here to help.

## Changes for 2026

- **All camps are rated for pace or energy level—chill, flow, and turbo (descriptions on page 7).** Camps include all activities described, but some kids prefer camps that align with their preferred activity levels.
- Narrowed the age ranges for most camps so that children are with others that are close to their age.
- Expanded programming to include more camp options specifically tailored for 10–13 year olds.
- **New themes, new partners, new trips, same old Parks & Rec magic!**

**Learn more about our professional recreation staff at [www.missoulaparks.org](http://www.missoulaparks.org) under Recreation.**
