Kathie went over to Dick's and took a photo of the Pleasant View Grounds Committee's sketch of ideas of the park in Pleasant View. Dick told her he was sure they would be happy to work with the Neighborhood Council to help make the park a reality. The Leadership Team members in attendance all thought this would be a good project for the Neighborhood Council. Kathie will modify the sheet she sent to the Grounds Committee and send it to LaNette as a response to the Office of Neighborhoods offer to help by connecting neighborhoods to resources to accomplish the project.

We discussed the upcoming bus tour. Several people are unable to go because of other commitments. Nathan and Kathie will attend for our Neighborhood. Kathie will tell LaNette.

The marathon will be July 13th. The aid station will be at the corner of Mullan and Kona. Nathan will send a copy of his flyer to Kathie to forward to everybody on the Neighborhood e-mail list. Kathie will help at the aid station. Unsure whether others will be able to help.

Kathie has bought the ground stakes and locking cables for the sandwich boards, but forgot to bring them to give to Nathan to put with the signs.

Nathan will call LaNette or Christine and get purchase orders for the 3rd sandwich board, the mailings, and the banner for the aid station.

The next meeting will be July 10th at 7:30 at Baileys unless something comes up.
