In view of the Neighborhood training session on March 18th, we will hold our spring General Meeting on March 19th, assuming the meeting room is available then. Nathan will look around for a smaller venue that would be reasonably easy for neighbors to find and a familiar location, which are the chief benefits of meeting at the school. We will try to arrange the following program:

- Public comment
- Alternate funding for City improvements (LaNette?)
- How the rewritten zoning will affect our neighborhood (City staff)

Kathie reported that our budget balance is now \$756.47 in the general account and \$497.12 in the mail/publications account. Kathie was the moderator at the last Community Forum meeting and reported to the City Council the following Monday. We need to get everybody on the LT to the February 26th team building training.

We will plan on the neighborhood picnic the first Sunday afternoon in May at Pleasant View Park, with the goal of meeting our neighbors and getting familiar with the only large parkland in our Neighborhood. We will provide burgers/dogs (including vegie options), buns, condiments, ice cream, plates/flatware. We will need to find out whether we can borrow some picnic tables from the KOA or need to tell people to bring their own lawn chairs.

Since neither Dick nor Nancy attended this or the November meeting, Kathie will get hold of the Pleasant View Park Committee and also Dave Shaw to find out what's happening on that front, and then will let the LT know by e-mail.

Our next meeting will be Tuesday February 17th at 7:30 at Barnes & Noble.
