- Kathie will check on who will do the presentation on how the zoning re-write will affect our neighborhood.
- The Osher Lifelong Learning Institute called Kathie again but so far haven't returned her call-back (phone tag).
- Jordan will take care of the refreshments (water & cookies from Costco)
- The board members will arrive 15-20 minutes ahead to set up.
- Kathie will make information cards again, plus posters for cluster mail boxes
- Nathan will post the posters on the cluster boxes on the rural end.

There will be a Pleasant View Parks and Grounds committee meeting Monday night at Bailey's at 6 pm. Kathie spoke with Dick earlier today, and he said he'd call Nancy and let her know. Kathie will try to locate an LA to help us with the park design, from MSU, UI, WSU, or maybe there's an LA here in town who will work pro bono or cheap.

Our next meeting will be in April.
