Randy said the joint Picnic/Pleasant View Yard Sale on Saturday May 16th went quite well. Randy and Nathan H. were there, and Dick was there part of the time. Dick had up, and Randy cooked. They served about 110 people, which was a pretty good turn out. They had to use electricity from Bailey's for the air toys. There was a big tent pavilion set up. It was good publicity for the Neighborhood, and we should do it again next year.

Marathon: No new news - we need to have our next meeting before then in case we need to do something other than showing up.

Pleasant View Park planning is still stalled, so we need to spend the rest of our budget on something else that will benefit our neighborhood. We decided to get three of the signs with pockets. Kathie gave Nathan R. the info from the Office of Neighborhoods, and Nathan will get a purchase order and get those ordered tomorrow so the bill will reach the City by the end of the month.

The bus tour is this Saturday. Kathie will give the talk about what's unique in our neighborhood. She will call Nathan H. and remind him. (update: Nathan's e-mail has been all messed up, so he's missed about a month's worth of correspondence)

Our next meeting will be Wednesday July 8th at 7:30 pm at Barnes & Noble's.
