

## NS/WS LT Meeting Minutes 8.16.23

Attendees

LT membership: Gretchen, Amy, Derek

City attendees: Kalina

Quorum not met for approval of minutes or voting-

Will address membership and attendance at next meeting Sept. 20<sup>th</sup>.

Scribe: Amy next month --

Next meeting is on Wednesday Sept. 20<sup>th</sup> at Burns Street Community Center 6:00 p.m.

1. Distribution of traffic calming signs & sandwich boards
  - a. Joyce left a good comment about needs for signs on the NS.
  - b. We need to fill the little sand or rocks or heavy things so they don't get jacked.
  - c. Scott and Phillips (Kate- friend of Amy's) would allow/want one of the signs.
  - d. Do we want to lock it to a fence or tree or something?
  - e. We need to know where to put the 2<sup>nd</sup> little man-
    - i. It comes with 6 different messages –Derek will email LT to see where to put the NS one.  
3 sandwich boards / 2 little men / 7 (x2) kids and pets signs / 8 (x2) drive like your pets live here / may be multiple per package.
- Sandwich boards will be picked up and we will work on paint / signage
  - \* Make sure we bring a sign in sheet to every meeting --

Kalina will drop off the little men and the sandwich boards off at Burns Street Community Center.

We need to be careful about code compliance. We can't place them in the right of way. Similar to fences and vegetation, they cannot obstruct sightlines near the intersections.

DK and GH will take the yard signs home and email the group encouraging people to come and pick up signs they need or to have them dropped off at their place if needed. Edit: will drop signs off with Amy? Since DK and GH will be out of town until Sept. 12<sup>th</sup>.

2. 2023 Annual Member Meeting event schedule and discussion  
October member meeting – (likely similar date / timeframe to last year)  
What is our purpose for the meeting?

Do we want to try and replicate an event similar to the solstice event – in terms of size and scope. Maybe we scale our event to be larger or smaller-  
Franklin to the Fort – had a side survey for residents and attendees to respond to –

Rose Park is making door hangers to promote the event.

We have a 500 person notify me list – owned and managed by the city.

\$950 was bill for postage last year. \$177 just for the mailing. Do we want to do that again? This is a large expense but does help us assure we are attempting to meet everyone in the neighborhood. But there are alternatives.

We can put up flyers all throughout the neighborhoods. + sandwich boards.

Think about all of the new residents + how do we notify them? MHA – hopefully they can offer a ...Welcome to the new neighbors --

### 3. Budget

updates pending --

### 4. Neighborhoods Report

Hopefully start by October – Neighborhoods Specialist

Community Forum is on Thursday August 24th – Electrify Missoula -- 6PM

This event is in person as well as online for attendees.

### 5. Public Comment: none.
