2. Approval of the minutes for September 18th, 2023. Antony Jo moved to approve the September minutes, Janie Cook seconded the motion which passed unanimously.
3. Items to be discussed:
 - a. Urban forestry presentation by Ian Silberstein. Explain urban forestry team.
 - i. Pest treatment really helped Pleasant View Neighborhood.
 - ii. Concern about heat in CJM neighborhood due to low foliage. Possible funding in Build Back Better package?
 - iii. How can one report unhealthy trees? Call the department, it will be assigned a priority status. Missoula has 30,000+ trees, so no guarantee it will get cared for in the near term.
 - iv. Caring for the trees is a city-citizen partnership, Missoula trees need 11"+ of water to support their growth in this semi-arid climate. Apply for tree planting permits to put in trees in areas that the neighborhood wants to cover better. Look into Trees for Missoula non-profit.
 - b. Tactical Urbanism
 - i. Look for materials and someone to present for next time. Maybe a city engineer or traffic expert.
 - ii. Perhaps more speed cameras, "Drive like your kids live here" signs, or optical illusion paintings on the streets.
 - iii. George Elmer, England, and Mary Jane are issue/priority streets. Traffic calming is a neighborhood priority.
 - iv. This could be a good project proposal for a neighborhood grant.
