

Southgate Triangle Neighborhood Council  
Leadership Team Meeting  
December 9, 2009  
7pm Southgate Mall Community Room

Present were Hans Christiansen (acting chair and community forum), Ann Carpenter, Erin Scott (Office of Neighborhoods), and Ed Childers (Ward 6 Alderman).

Minutes from October and November were unanimously approved.

Treasurer's Report was approved. \$188.32 has been spent; \$611.68 remains.

There are over 50 people on the Southgate Triangle e-mailing list.

The City Southgate Triangle NC website and [www.southgatetriangle.org](http://www.southgatetriangle.org) site maintained by the NC needs to be tied into each other. Erin will do that on the city side.

Old Business

Agenda says Neighborhood Watch; did not happen due to miscommunication.

Rob Scheben is the contact; Hans will contact him.

Hans will get a Sharpie with a wide tip to do meeting dates on the sandwich boards.

Phil Smith is writing grants for Safe Routes to School

The Pedestrian Walk Light at Denny's seems too short. [note sent to Public Works - Ed]

Erin visited Realtors about welcome-to-town stuff. Realtors have a folder. Buyers aren't necessarily given it.

Do we want to put stuff in it?

How about bus routes? Snow shoveling rules?

New Business

Large Project Grants - Hans.

1) Dixon/Brooks Triangle

Partner with Missoula Midtown Association?

Maybe funds from URDIII

Who would own it?

2) Parks - what do we have, what should we do with them? Note that some residents are concerned about possible trails past their yards.

Hans received a traffic calming pamphlet from Phil. Ann notes that not everyone who drives around traffic circles is happy about it.

The meeting adjourned at 8:30 pm.

recorded by Ed Childers
