

PROCLAMATION

MISSOULA COUNTY AND THE CITY OF MISSOULA

- WHEREAS,** human-caused climate change is resulting in more extreme weather patterns, wildfire smoke and extreme temperatures, and scientists urge us all to rapidly decrease fossil-fuel pollution to keep our environment safe and healthy; and
- WHEREAS,** we are more aware than ever of achievable solutions to reduce the impacts of the climate crisis and build resiliency in our communities, such as electrifying our buildings, using clean energy, planting and caring for trees and investing in sustainable transportation and infrastructure; and
- WHEREAS,** Missoula County and the City of Missoula have committed to implementing the Climate Ready Missoula plan, to using 100% clean electricity in the urban area by 2030, and to a joint Electrify Missoula campaign, in collaboration with Climate Smart Missoula; and
- WHEREAS,** we all play a part in addressing this unprecedented climate crisis – from us here at local government to all residents and businesses – and we must all address it together, with urgency; and
- WHEREAS,** we know it is not too late to act, and our actions now will have lasting impacts on our future; we know we can and must eliminate fossil fuel use in our transportation, buildings, operations and lives; and we know we can build a better future not based on the premise of sacrifice but based on our ability to transform.

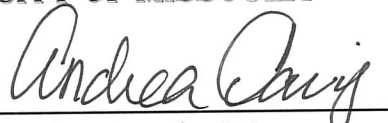

THEREFORE, BE IT RESOLVED, we, Missoula County and the City of Missoula, do hereby proclaim September 27-October 5,

CLIMATE SOLUTIONS WEEK

which will kick off in Caras Park with ClimateFEST, an event to inform, educate and energize Missoula County and City residents so we can meet this moment capably, with urgency, together.

DATED THIS 11TH DAY OF SEPTEMBER, 2025

CITY OF MISSOULA

Andrea Davis, Mayor

**BOARD OF COUNTY COMMISSIONERS
MISSOULA COUNTY**

Juanita Vero, Chair
