Agenda:

Plan January General Meeting:

The group chose Saturday, January 29, 2011 at Currents Pool and Headwaters meeting room. The neighborhood will be invited to a free swim from 6-8:00 p.m. with a meeting from 6:30-7:30. Pizza, snacks, and beverages will be provided.

**Dale** will arrange for the presenters. So far, Phil Maechling agreed to present on a variety of issues related to neighborhood development. Dale is waiting for representatives from Missoula Redevelopment Agency and Planning and Grants to respond.

The exact topics for the agenda have not been set but *may* include questions such as:

When will the California Street Bridge and connecting Riverfront trail be completed?

Are there any new plans to develop Russell Street?

Could the South side of Orange Street be included in development plans?

How is the Historic Overlay progressing?

Do we need improved sidewalks, bicycle and pedestrian trails?

What are the plans for the Old Mill Site Development?

Are there any changes planned for the Osprey Stadium?

How is the neighborhood being impacted by stadium activities?

How will the new boat ramp impact the area?

Are there any improvements that neighbors would like to do with a Community Grant?

Can we develop neighborhood communication with internet connections?

Should the neighborhood plan a charrette?

**Dale** will also arrange for the printing and delivery of the flyers by community service teens.

**Gwen** will contact Eric at Currents to reserve the pool and Headwaters meeting room.

**Lindsey** delivered the artwork for the flyers.

**Suzette and Gwen** will arrange for food and donations.
