Item 2. Old Business

Emily Plant highlighted the items that needed to be covered at the April 29, 2012 meeting. These included items of interest to the residents in the Upper Rattlesnake Neighborhood such as proposed and scheduled City of Missoula transportation projects related to various street improvement and maintenance work, the State of Montana proposed construction of transportation improvements at the I-90 and Van Buren interchange, proposed changes to the Missoula bus service routes, the upcoming Bear Aware and Apple Share Projects and general administrative issues such as call for volunteers to fill vacant positions and the need to approve the draft Upper Rattlesnake Neighborhood Council Bylaws identified as document 7308 on the City of Missoula website.

Emily Plant consulted with guest speakers for the various projects. Invitations to speak will be extended to: Jason Weiner, Shane Stack, Steve Randal and Doug Harby. It was recommended that the speaker's time would be limited to 10 minutes and followed by Q and A of about 15 minutes.

Doug Grimm brought comments back from the Community Forum meeting in March. These focused among other things on the upcoming meeting on April 17 regarding the increase of Coal Trains passing through Missoula and its impact. The meeting will be held at the UM. Doug also mentioned that Jane Kelly advised the URNC to mail notices of the April 29 meeting rather than relying on the sandwich boards as referred to in the minutes of the March meeting.
