- 6. Communication with Police Department and Parks and Recreation – Inappropriate Trail Use
 - On Tuesday, November 1st, two of the Leadership team members, Chance and Jeremy, met with Dustin Delridge, the Quality of Life Officer and Sergeant with Missoula Police Department. The conversation consisted of current trail issues to the neighborhood, distinguishing between education and enforcement, neighborhood and law enforcement responsibilities, and conversation around taking action for future issues. Dustin informed Chance and Jeremy that the Police Department and the residents of Missoula would benefit from additional officer(s) that would be dedicated to parks and trail patrol. Due to the increase in park and trail use in Missoula, the Police Department could be more effective at law enforcement in and around parks and trails with an additional officer(s).
 - Note: This meeting was followed up the following week with a physical walk of the Milwaukee Trail route with Dustin Delridge and Rob Scheben, Crime Prevention Officer with the Missoula Police Department. From the Leadership team, Robin, Jeremy, Jesse and Chance were present. Throughout the walk, both officers were able to see exactly how the trail flows, as well as discuss issues that the trail presented to the community, and access points for police department vehicles in case of needed law enforcement.
- 7. Communication for emails to entire River Road Leadership Team
 - Discussion about how to respond to emails that are sent to the entire River Road Leadership Team. It was informally agreed that Robin Spaziani, the Communications director, would respond to such messaging. It was also requested that Robin notify the Leadership Team once a response has been sent.
- 8. Emails to River Road Neighborhood List
 - Discussion about when we should activate the entire River Road Neighborhood email contact list. Examples included announcement of neighborhood meetings, and issues that affect the community as a whole. A recent example was the Mountain Line meeting, and the discussion of creating new routes.
- 9. Jesse provided an update from Community Forum. 2 items discussed include:
 - Sharrows painted to indicate bike lanes and 'Share the Road'

- Discussion occurred at the Community Forum about whether T-Shirts should be created and sold to allow branding for each neighborhood.
