**Neighborhood Ambassador Update** - This item was moved to the top of the agenda to allow the Ambassadors to attend a planning meeting for a Block Party they are hosting in Bonner Park on May 10. The Ambassadors are looking for help from all neighbors in the University District. All area residents are invited. They hope to get a band. They reported they are educating students on how to get security deposits back, reaching out to Greek Life on neighborhood issues, and have just posted their April Newsletter on their website.

Responding to a question from Dave Chrismon the Ambassadors said that they have never taken a position on the ADU issue. In fact they were told directly that they their program would not take a position.

(The Ambassadors left the meeting)

**Report on the Community Forum** - Neighborhood Volunteer of the Year and Group Volunteers of the Year Awards were reported on by Forum Rep. Dave Chrismon. More will be reported at the next General Meeting.

**Recap of the Neighborhood Forum** - The questions and answers from the "South Campus Forum" have been posted on UM's "Build Missoula College" website.

**Office of Neighborhoods Bus Tour** - The University District is one of the neighborhoods featured on a bus tour in July. The theme is "What Makes Our Neighborhood Special." Discussion on this led to a decision to get ideas from everyone at the next General Membership Meeting on April 24.

**Next General Meeting** -There was discussion about elections issues and it was confirmed that we need one to three additional members and that there has been adequate notice about elections. It was reported that the presenters have confirmed for the meeting on April 24.
