1. Minutes for September 21, 2022 were approved as submitted.
2. Discussion:
 - a. Leadership Team Positions:

The Team agreed to discuss this item later when there are more members present.
 - b. Possible Outreach/Communication to Neighbors:

There was discussion about hosting a neighborhood community event to reach out to neighbors and hear their concerns. This may be something the City Council Ward members can attend and address or communicate the concerns to City Council. Dave thought one of the large buildings at the Fairgrounds would be a good place to hold it.
 - c. Hillview Development (updates if folks have any):

There was little discussion about the developments on Hillview Way.
 - d. Future Meeting Locations:

The Team thought Fairgrounds building 9 would be a good place to continue to hold LT meetings. The Fire Station on 39th is an option also. Dave requested to use the Fire Station for this meeting, but the room wasn't available.
3. Community Forum:

Dave and Teresa will attend the Community Forum meeting on October 27.

4. Missoula Neighborhoods Report: Kelly Elam
Kelly reported the grant documents are on the Neighborhoods website and ready for people to begin the grant process.
5. Public comment on non-agenda items:

6. Announcements:
