Subject: Charter Cable TV franchise renewal negotiations

TO WHOM IT MAY CONCERN:

This afternoon there was a virtual meeting involving City of Missoula cable TV consultants Brian Grogan and Terri Hammer and Charter Communications representatives Teri Scott and Bridger Mahlum to discuss resurrecting City of Missoula cable TV franchise renewal negotiations with Charter Communications. Joel Baird of MCAT and myself participated as well.

City of Missoula consultant Brian Grogan had previously sent Charter representatives a copy of the recent TDS cable TV franchise. Charter now requests that the TDS franchise be modified to insert Charter and present the City's offer to Charter. Brian Grogan will do that this week.

Cable TV franchise negotiations with Charter will most likely commence in earnest in January and February; delayed by Charter review and response as well as the upcoming holiday season.

While the cable companies owning the cable TV franchise have changed over the years; the Charter cable TV franchise is the original cable TV franchise that has previously been renewed to address the then current issues and pertinent new federal court decisions. Thus, this franchise has actually existed for decades as modified/amended over the years.
