Hi Lucy,

Thank you for taking the time to write to us here on City Council.

It is always helpful to propose an option when you have noticed something that isn't working well. Your idea to have a sign is a great idea for addressing the traffic backup.

We'll have a look and see what we can do!

I'll keep you posted on what we find out.

Thank you,
Kristen Jordan

Ward 6 City Council Representative

Subject: My idea to help the train intersection

Hello Missoula City Council. My name is Lucy and I am 10 years old. I live in the lower Rattlesnake neighborhood and I go to Rattlesnake School. I would like to talk about the train intersection on Spruce Street.

When my parents are driving me home from other places in Missoula, we always come to the Madison and Broadway intersection. We prefer to go the back way to our neighborhood across the train tracks because there is less traffic and it takes less time if there isn't a train. However when we go that way and there is a train, we have to turn around and go back through the intersection and go the long way home. I know that a lot of the people that live in the Rattlesnake area and run into this problem daily.

My idea to improve the intersection is to have a sign to let you know if there is a train coming. Having the sign will help reduce traffic because there will be less people waiting for the train and less people turning around to go back through the busy intersection when there is a train.

Sincerely,

Lucy Deluca
