Thank you for letting me submit my interests...

Definitely Missoula must protect the residents of this mobile park. You are their hope to remain stable homeowners. The cost of buying land and moving a mobile is exceedingly more problematic for these families can endure. I am proud of our city council for seeking this plan to protect these mobile home owners. Be blessed!

Subject: Neighborworks grant

I hope that the city council votes "yes" on the decision to grant Neighborworks the funds to purchase this mobile home park. We need to maintain and increase affordable housing- particularly housing that allows Missoulians to be homeowners (and have resulting consistent housing expenses and build equity).

Thank you,

Erin Ermels
