Subject: Law exemption for City?

Just curious....

Are there separate rules for city of Missoula employees and city owned vehicles?

This is clearly a city vehicle parked in front of a fire hydrant.
Appreciate your response to clarify,
Concerned tax paying citizen.

Missoula city government demonstrates compassion in so many ways that I think we already qualify as a Compassionate City! I hope maybe some of you might have time to tune in to this zoom webinar and consider introducing a resolution,

Dear Friends,

The initiative from San Antonio called "Compassionate USA" is finally ready!!

And at our next Community Chat, Mayor Ron Nirenberg, our close friend and the Mayor of San Antonio, will introduce us to Compassionate USA.

Please don't miss this opportunity! It's a great chance to find out what San Antonio is doing, hear from other Compassionate Cities, and join Compassionate USA.

This meeting will take place via Zoom, next **Wednesday, April 26 at 1:30pm Pacific Time**, and it's for all US individuals and partners that have joined the Charter. Feel free to share this invitation to anyone else who might be interested!

Is your city not yet a Compassionate City?

Do you want your City to become a Compassionate USA City?

This might just be the right moment to reach out to your own Mayor or a City Council Administrator so they can find out more and join us!
Please extend the invitation to them!

Looking forward to being with you.

With kind regards,

Marilyn Turkovich, Executive Director
Charter for Compassion

Subject: Urban camping response public info
Attachments: Urban camping explainer 230419.pdf

Dear Council members,

Attached is our public information explainer concerning the City's response to urban camping. I posted it yesterday front and center on the website home page. We're hoping it is helpful to you to have information to send to constituents. Note that it includes the two ways to report urban camping, by phone and through a form on the website. It also explains what City staff are and are not able to do.

Thanks for helping us convey accurate information about this difficult and challenging issue.
