Community Service	CITY HALL MAINTENANCE AND REPAIR			new	CS-23

**Description and justification of project and funding sources:**

Funding this project will enable us to:

Improve public access to the police, finance and courts by installing one new internal public access window and rebuild two existing public access windows in City Hall (\$12,000).

FY14

Replace the floor on the first floor and the stairway landing in City Hall (\$14,000). FY 14

Renovate the seal on the exterior wall grouting in City Hall (\$25,000). The exterior grout on the City Hall building is deteriorating and becoming very porous. This needs to be properly maintained to prevent further weather damage to the building. FY14

### Project Rating

(See C.I.P. Instructions For Explanation of Criteria)

Program Category:	Project Title:				10 Project #	
Community Service	CITY HALL MAINTENANCE AND REPAIR					
Qualitative Analysis	Yes	No	Comments			
1. Is the project necessary to meet federal, state, or local legal requirements? This criterion includes projects mandated by Court Order to meet requirements of law or other requirements. Of special concern is that the project be accessible to the handicapped.	<input type="checkbox"/>	<input checked="" type="checkbox"/>				
2. Is the project necessary to fulfill a contractual requirement? This criterion includes Federal or State grants which require local participation. Indicate the Grant name and number in the comment column.	<input type="checkbox"/>	<input checked="" type="checkbox"/>				
3. Is this project urgently required? Will delay result in curtailment of an essential service? This statement should be checked "Yes" only if an emergency is clearly indicated; otherwise, answer "No". If "Yes", be sure to give full justification.	<input type="checkbox"/>	<input checked="" type="checkbox"/>				
4. Does the project provide for and/or improve public health and/or public safety? This criterion should be answered "No" unless public health and/or safety can be shown to be an urgent or critical factor.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	City hall floor is breaking up badly. If we do not replace it soon, we will could increase the liability of a slip and fall accident.			
Quantitative Analysis	Raw Score Range	Comments			Weight	Total Score
5. Does the project result in maximum benefit to the community from the investment dollar?	(0-3)     3	This project promotes more efficient public access and the preservation of City assets.			5	15
6. Does the project require speedy implementation in order to assure its maximum effectiveness?	(0-3)     2	The window project will enhance the efficiency of the court and police departments. The floor project should be completed sooner than later to reduce the liability and the increased costs associated with a deteriorating floor in City Hall.			4	8
7. Does the project conserve energy, cultural or natural resources, or reduce pollution?	(0-3)     2	The police department window will reduce the wind tunnel effect of cold air blowing straight through the police space and into the hall. This makes it miserable on employees and the public. The should also be some energy savings in terms of reduced heating and air conditioning demands.			3	6
8. Does the project improve or expand upon essential City services where such services are recognized and accepted as being necessary and effective?	(0-2)     1	This project promotes healthier, more productive workplaces and public buildings. This has a trickle down effect on all the services provided by City Hall. This project promotes asset preservation and providing a safe place for employees to work.			4	4
9. Does the project specifically relate to the City's strategic planning priorities or other plans?	(0-3)     3	• Strategy: We will reflect values of sustainability in transportation and building design. This project promotes efficient government and a healthy happier place to live.			4	12
