City of Missoula CIP Project Request Form FY 2014-2018

Program Category:	Project Title:	12 Project #	13 Project #	14 Project #
Parks, Recreation and Open Space	Mansion Heights Stairs		PR-14	PR-14

Description and justification of project and funding sources:

The stairways connecting thru-travel in the Mansion Heights Subdivision are substandard and non-maintainable as-is. Phase 1 of this project was to determine a feasible and maintainable solution as well as a design and cost estimate to bring them to the desired condition. This phase has now been completed and the design(s) will be reviewed by the HOA and P&R to arrive at an agreeable approach to move forward. See OZ estimate for options to replace stairs at Mansion Heights.

Is this equipment prioritized on an equipment replacement schedule?

Qualitative Analysis		Yes	No	Comments	
1. Is the project necessary to meet federal, state, or local legal requirements? This criterion includes projects mandated by Court Order to meet requirements of law or other requirements. Of special concern is that the project be accessible to the handicapped.			x	Stairways inherently are not accessible friendly but the designs provide the best options and solutions to some substandard gradient issues.	
2. Is the project necessary to fulfill a contractual requirement? This criterion includes Federal or State grants which require local participation. Indicate the Grant name and number in the comment column.			x		
3. Is this project urgently required? Will delay result in curtailment of an essential service? This statement should be checked "Yes" only if an emergency is clearly indicated; otherwise, answer "No". If "Yes", be sure to give full justification.			x		
4. Does the project provide for and/or improve public health and/or public safety? This criterion should be answered "No" unless public health and/or safety can be shown to be an urgent or critical factor.			x
