Wastewater Facilities	Grant Creek Lift Station			WW-10

Description and justification of project and funding sources:

It has been identified that the Grant Creek lift station and gravity line portion of the Airport Interceptor and "Wye" Connection Project can be done as a stand-alone project. This breaks up the costs for these projects making it more likely to fund. This project will also eliminate the non-standard below ground lift station and the costs associated with the O&M costs of operating the lift station.
