Project Rating #1		Project Rationale #1		
Replacement Does the project or asset replace an existing asset that is at the end of its useful life (and is not already included in the Core replacement program or up for replacement)?		This main on Gerald street is at the end of its useful life and is leaking.		
Project Rating #2		Project Rationale #2		
Efficiency Does the project demonstrate a clear efficiency or productivity gain as demonstrated by a cost/benefit analysis? Include analysis and supporting documentation.		This replacement will be done at the same time as the street is repaved. This replacement will avoid added costs, reduce future operating costs and conserve a finite resource.
