I grew up in Missoula and was educated by the public school system. I attended Meadow Hill Middle School and Sentinel High School. I briefly left Missoula to attend the University of Nebraska - Lincoln, where I played golf on scholarship. I missed Missoula, and moved home in 2005 where I graduated from the University of Montana with a B.A. in Media Arts and Video Production, as well as a minor in the German language. I have earned certifications as both a licensed insurance agent and as a notary public for the state of Montana.

Please list your community service experience (600 character limit):*

I currently serve as an executive board member for Boys & Girls Club of Missoula County and am extremely proud to do so. I am on the subcommittee for their annual giving campaign as well. I have also volunteered with Flagship at Lowell Elementary, for Special Olympics Montana, at Missoula Aging Services, at the Zootown Arts Community Center, and when younger, was a member of Key Club. I genuinely care about my neighbors and community, with my whole heart.

What is your interest in serving on the City Council as a representative of Ward 2? (600 character limit):*

My name may sound familiar as I did originally file to run for the office of mayor. I did withdraw my candidacy in order to endorse Lisa Triepke. I have since removed myself from assisting with her campaign. I would be glad to speak with you more regarding this issue. The bottom line is I do love my community and want to help foster the growth and care of Missoulians. I grew up here and have seen immense change, experiencing it first-hand as a child and as an adult. Ward 2 needs a strong voice. I will represent the daily realities of Ward 2 by advocating with my neighbor Jordan Hess.

Do you have any special knowledge, interest or related experience or training that the City Council should be aware of as they consider your application for this position? (750 character limit):*

I am a very team-oriented person, and I value forthrightness and integrity immensely. We are still a small community. In spite of any differences we may have it is important to be balanced and to represent our people. I have said that it's not about me, it's about Missoula. I have friendships with individuals from all backgrounds in Ward 2. There is an increasingly diverse mix of new and old, with some clashes between the two. I know people whose childhood homes have been bulldozed recently here, as well as new business owners just around the corner. I am not afraid of my neighbors or speaking to interested parties directly. I am smart and honest, and an analytical thinker. I make decisions based on the issue, not on the politics.
