Briefly describe your educational background (600 character limit):*

I received my MFA (the terminal degree in visual arts) in 2013 from the University of Montana. Prior to the UM, I completed two years as a post-baccalaureate at Savannah College of Art and Design's School of Architecture (2006-8), and received a BFA with a concentration in printmaking from East Carolina University in 2004. Central to my art practice is my love of community—whether artistic, social, political or geographical. Fostering collaboration, connecting with community resources, and engaging an audience of artists and non-artists alike, helps me orchestrate stimulating exhibits.

Please list your community service experience (600 character limit):*

In addition to solely directing and funding a community art center (Real Good Art Space), my interests are diverse and I regularly volunteer/support the following local organizations: North Missoula Community Development Corporation, Missoula Art Museum, Zootown Arts Community Center, Home Resource, The Roxy Theater, Boys and girls Club of Missoula, KBGA College Radio, KUFM Montana Public Broadcasting, Clay Studio of Missoula, Hellgate Rollergirls, Missoula Downtown Association, Ecology Project International, Conscious Pursuits

What is your interest in serving on the City Council as a representative of Ward 2? (600 character limit)*

My teaching experience, community involvement, and even my retail customer service experiences have exposed me to a broader cross-section of real Missoula – a more diverse spectrum of the people who live here. As a single father and homeowner with a modest income in Ward 2, I'd serve my constituents with open ears, and feel my experience credentials me as a strong and empathetic candidate for City Council. I am invested, both financially and emotionally, in Ward 2. I would be honored to guide our future to a place where all residents can succeed in this extremely class-diverse ward.

Do you have any special knowledge, interest or related experience or training that the City Council should be aware of as they consider your application for this position? (750 character limit)*

I serve as the Vice President on the board of directors for the North Missoula Community Development Corporation. I deeply admire the vision and work of this organization. Not only have they been vocal about the need for affordable housing in Missoula for 20 years, they have developed three (soon to be four) permanently affordable homeownership communities in Missoula. Serving within this organization has led me to study our local disconnection between median income and market housing rates, and research solutions by other proactive communities around the country that share our affordability issue. As a real person of Ward 2 that listens and participates, I understand the difficulty of achieving entry level homeownership.
