What is your interest in serving on the City Council as a representative of Ward 2? (600 character limit)*

I love the city I live in and I care about the people in it. My ward has a very diverse population from the poverllo to grant creek and everything in between I think coming from an upper class home to owning my own place in the resort community of Big Bear City Ca , I owned a home in Alberton when we first moved here I now live in a new Mobil home in the old Sherwood court . I also have had rentals in the past. I think having experience with all kinds of people in all kinds of situations gives me a well rounded out look to what the needs of my community and the challenge's it faces .

Do you have any special knowledge, interest or related experience or training that the City Council should be aware of as they consider your application for this position? (750 character limit)*

I have the Unique advantage of having started off life as a female and have now transitioned to male so I have the experience of being and working with both. I am involved and support my community. I am good at working with others and know the art of compromise. I look forward to working to keeping Missoula a wonderful place to raise a family as well as a wonderful safe place to go to college and then to work in and ultimately to retire in while also making it a travel destination. Missoula has the potential to be the best garden city in the world.
