

ZTD Bike the Parks - 2330420

Ages 5 and up. Campers can use training wheels and any type of brakes for this camp. Great for entry-level riders who want to cruise the parks and learn about bike basics. Focus is on bike safety, riding in a group, and caring for your bike. AM

ZTD Minis - 2230333

Ages 4-6. The perfect camp for our youngest of riders! Kids will gain confidence on two wheels while pedaling some classic Missoula trails. Kids on pedal bikes and off training wheels is preferred. AM/PM

ZTD Rippers - 2230322

Ages 6-8. Kids must be able to ride a two-wheeler with coaster or hand brakes and be comfortable riding on flat, non-paved surfaces. Sorry, no training wheels. Riders will need some experience going up and downhill with coached support. PM

ZTD GROM - 2230325

Ages 9-14. Riders are comfortable on the downhill and working on developing downhill technique and a bit of uphill stamina. They are willing to try to ride uphill but may hop off to push their bike. Riders must have hand brakes on their bike and be able to ride 5 miles of trail. GROM camp is best suited for kids who would like to try trails like MO-Z and Sound of Music. PM

ZTD Bike Packing Camps – Overnights - 2230326

Riders should be willing to ride 20 miles on flat or gradual uphill double track gravel roads—but don't worry, our coaches are experts at inspiring kids to ride further than they think they can! If your child is interested in trying these camps, we are here to make it happen. On Monday, we will learn tips from Adventure Cycling while packing and prepping for our trip. We'll take off on Tuesday with nothing but open trail, amazing snacks, and adventure ahead of us! ADV 2, ADV 3

Zootown Derailleurs Mountain Bike Team

Join us for the spring season of Missoula's awesome youth cycling team. Details on next page. Fall season info available in late summer. ZTD is appropriate for all skill levels. Don't have a mountain bike? We have a limited number of bikes available for your use. Email mwhicher@ci.missoula.mt.us to be added to the ZTD email list.

Covid Policies - Summer Camps 2021

Face Masks

- When in sedentary settings, and/or when physical distancing cannot be maintained, masks will be worn by participants/staff.
- Parents who are within six feet of the program meeting locations must wear masks— including those who have been vaccinated.
- According to researchers at John Hopkins University, it is unknown at this time if vaccinated individuals can still carry and transmit the virus to others. Until more is understood about how well the vaccine works, continuing with precautions such as mask-wearing and physical distancing will be important.
- Masks are not required during strenuous outdoor activity where participants are distanced. When we stop for breaks, they need to space six feet from peers and put their mask on.

Transportation

- We will not be using public transportation until further notice.
- Participants/staff must wear a mask in vehicles and indoor facilities.

Group Size and Dynamics

- Group sizes are determined by the current recommendations of the Public Health Officer.
- Camps have been set with lower participant numbers and will stay with the same group for the week-long program. Staffing will be consistent within the week as well.

Hand Washing

- Participants will wash hands/use hand sanitizer upon arrival to program, after using restroom, before applying sunscreen, before/after eating, after each transition, before/after games or crafts.

Shared Equipment and Supplies

- Equipment and surfaces will be wiped down/disinfected before and after program transition.

Restrooms and Bathroom Use

- Staff will follow CDC guidelines re: restroom facilities sanitation.
- Participants are required to wash hands/use hand sanitizer before/after using restroom.

Symptoms of COVID - Please help us keep camps open

- If a participant or staff shows or complains of any symptoms of illness, they will be immediately sent home.
- Please keep your children home if they are: sick with covid symptoms, a close contact of a COVID+ case, awaiting a COVID test result, have been in close contact with a COVID+ case (regardless of whether you've been contacted by the Health Dept.), or if there is any chance your child has been exposed to or may transmit COVID-19. Thank you!
