Choose The Correct Swim Class

- Children under 3 should be enrolled in Parent/Child lessons.
- Children ages 3-4 should be enrolled in Preschool.
- Beginners over age 5 should start with Swim School. Program is comparable to American Red Cross Levels 1 – 3.
- More advanced swimmers over age 5 may opt to enroll in Stroke School. A basic understanding of and ability to perform each stroke you sign up for is expected on the first day of that class.
- Students who have passed at least one stroke school may be ready to try our Swim Squad.
- Beginning and advanced level courses meet at the same time. Many students may need to repeat the course of instruction before progressing from beginning to advanced level. Call 721-PARK for more information.

Parent/Child School

6 mos. to 3 years with parent

Early introduction to the water helps prepare your child for success in Preschool and Swim School lessons. This program teaches parents the skills needed to introduce a child to the water safely and comfortably.

Pre-School-Ages 3 to 5

Water exploration and fun!

Playful and nurturing instructors guide preschoolers through the basics of water exploration in a safe and fun manner. Instructors divide classes into students who are willing to put their face in the water and students who need to learn how to put their face in the water. Our instructors will tailor the skills to the needs and abilities of each student.

Swim School-Ages 5 and up

Master fundamental swimming skills

Encouraging and energetic instructors work with students on the basics of swimming and water fitness. Students in these courses will work on skills such as submerging, floating, gliding, and rhythmic breathing. Swim School classes are divided into groups based on their skills on the first day of class. The full course includes three levels: Face and Float School, Glide and Movement School, and Breathing and Development School. Students who complete the Breathing and Development School are ready for course offerings in our Stroke School.

Stroke School-Ages 5 and up

Learn 4 different swim strokes

For students who have completed or already possess the skills taught in the Swim School. Focused instructors will take students through basic progressions and development of stroke technique. Students will work on alternate skills such as diving and turns in addition to the specific strokes of focus. Many students may need to repeat the course of instruction before progressing from beginner to advanced stages. Students that have passed at least one stroke school may be ready to try our Swim Squad.

Weather Closure and Cancellation Policy Aquatics Weather Line: 542-9283 (WAVE)

Missoula Parks and Recreation is committed to providing a safe and secure environment for guests at our facilities.

The Montana Department of Public Health and Human Services requires lifeguards to clear all guests from the pool and have them take shelter in the locker rooms whenever lightning or thunder is observed. The pool will remain closed until the storm has passed. **Please note: Both indoor and outdoor pools can be required to close during a lightning storm!**

In the event Splash Montana is closed for the entire day, Season Pass holders will be allowed to swim at Currents, our indoor water facility. Guests who have entered the facility and have had less than one hour to swim will receive coupons for admission to the pool on another day. All guests may receive hand stamps which will allow them to re-enter the facility at no additional cost that day, should the pool re-open.

If the outside air temperature is very cool (below 70°) or the weather stays cool and rainy all day, the facility may close for extended periods. Staff will re-evaluate the weather conditions at 11am, 2pm and 4pm to decide if it is feasible to open.

Remember, the sun is ALWAYS shining at Currents! Please be sure to check with your favorite weather forecaster before committing your group to swimming at Splash Montana on a particular day.

Splash Montana Swim Lessons and Inclement Weather Call the weather line at 542-9283 for weather updates.

Swim lessons will be held if it is at all possible to do so. We'll check the weather at least 30 minutes before lessons begin. If the temperature is below 60° or if lightning or thunder is observed, classes may be cancelled that day. Refunds given for missed lessons.
