**Subject:** RE: Hillview Way Bus Stop Coordination

Hi Olga,

Wondering about the status of this. I have not heard from the Planning & Projects manager. Thank you.

Best,

**Cushing  
Terrell.**

Hi Dugan,

I just popped into his office to ask about this, and one of the planners in the department will get back to you today! I believe they discussed this at their recent meeting and will be in touch shortly.

Thanks for your patience,  
Olga

Hi Olga,

I have not heard back from the Planning and Projects Manager. Could I possibly get the manager's information so that I can follow up? Thank you.

Best,

**Cushing  
Terrell.**

Hi Dugan, letting you know that your note was passed along to the Projects & Planning Manager, and someone will be in touch with you with info. Please let me know if you don't hear back and I'll follow up.

All the best,  
Olga

Hello,

I am Dugan Mahoney with Cushing Terrell here in Missoula. We are working on a subdivision in the South Hills area of Missoula, more specifically on the east side of Hillview Way at Hillview Way and Clearview Way intersection (I have provided google earth image for clarity). In Article 3-020.4.G of Missoula City Subdivision Regulations it states "When development is adjacent to or within ¼ mile of an established public transit or school bus route, subdivider may be required by the City Engineer to construct bus stop facilities along with accessible routes, meeting ADA standards, to those facilities. Subdividers should consult with the Missoula Urban Transportation District and Missoula County Public Schools early in the planning and design process." So we are looking to coordinate with Mountain Line and see if a bus stop will be required in our development. Thank you.

Best,

**Dugan Mahoney**
