Hi Dave, just wanted to give you a heads up re: Aspire MountainLine comment. the MPO has been awarded funding for improvements on HWY 200, and we are currently discussing the implications on the Route 4 (the route near Aspire). We dont know what future service looks like, and there is a high likelihood that the route is changed. In light of this we are not going to request amenities, to avoid having amenities installed without a bus line to serve them. and thus waisted. Thanks for making sure we were given some time to consider this 🙏
