## **Sewer Service Connection Verification Form**

### **TV Inspection**

The purpose of this form is for the property owner(s) to certify that a TV inspection of the sewer service line for the property listed below was conducted and has verified that it is connected to the City of Missoula's sanitary sewer system. A digital copy of the TV inspection file is required to be submitted along with this form. The TV inspection contractor is required to sign the form to certify that they performed the video inspection and visually observed that the service line is connected to a sewer main.

Address	Legal Description/Parcel # (if available)

By signing below, the undersigned affirms that all plumbed structures on the above referenced property are connected to the City of Missoula's sanitary sewer system. Furthermore, the parties below affirm that the information contained within this form is accurate, complete, and truthful to the best of their knowledge and belief. This completed form is intended to constitute a legitimate and legally valid record of the information disclosed herein and the City will rely on this information in performing official functions.

Property Owner \_\_\_\_\_

Licensed Contractor \_\_\_\_\_

**Instructions to create a record of connection:**

1. Licensed contractor needs to apply for a no fee Sewer Service permit via the [Citizen Portal](#).
2. Upload time/date stamped video, showing connection to city main, to permit during application.
3. Attach this signed form to documents during application.
4. After confirmation of video and form attachment, the permit will be issued and completed.
5. Any questions can be addressed to: [engdesk@ci.missoula.mt.us](mailto:engdesk@ci.missoula.mt.us)
