| 1. How will request assist in achieving Department Goal and benefit the customer | | | | | | | | |
| <p>Over the last 15 years, active attack incidents have become an almost daily occurrence in the U.S. Approximately 5 years ago, MFD along with a host of emergency responder agencies in Missoula County began meeting and training together to ensure these agencies would be sufficiently trained in the event of an active attack incident. This budget request will ensure funding for participation in the planning and training of these events.</p> <p>Our number one goal at MFD is saving lives. Our save rate for CPR patients is one of the best in the nation. The only metrics we are sub par on our bystander CPR and AED usage. Our save rate when bystander CPR is being done upon arrival and the patient is in a shockable rhythm is 100 percent. With a recent grant we were able to get CPR out for free to our community. This had our in house classes full almost everytime. This also gave us the ability to get large groups of people trained. We taught at 2 of the three highschools and are hopeful to get Hellgate and possibly move to the middle schools. We were also able to help out our partners at the DNRC with training and a few departments at the City. We have trained around 600 citizens in CPR with the use of the grant money. I feel this is money well spent. Continuing with a robust CPR program will save lives. This is also a fantastic form of PR for our fire department, we get numerous glowing reviews for our stable of instructors.</p> | | | | | | | | |
| 2. What specifically is needed to achieve this goal? | | | | | | | | |
| <p>55 Hours of OT (This would cover 12 monthly meetings 1.5 hours each and 36 hours for the annual county wide class)</p> <p>20 Hours BC Backfill (This would give BC's some incentive to attend the annual county training)</p> <p>55 hours of OT for instructing CPR</p> | | | | | | | | |
