Summary Description and rationale of project and funding sources:							
<p>This project is a component of the North Riverside Parks and Trails Master Plan. The underbridge area is an important connection between Caras and East Caras Parks. Project partners plan to utilize principles of Crime Prevention Through Environmental Design (CPTED) to create a more connected, welcoming park space that includes a variety of recreational amenities to activate this space year round. Improvements include table tennis, basketball court, a parkour playground, climbing wall, skateboarding features, bicycle parking, a variety of seating, picnic tables, art and lighting. The project will be completed in phases, as funding becomes available. Phase 1 and Phase 2 are complete and includes: Table tennis, basketball, picnic tables, and painting of the ground surface and pillars. Phase 3 will include better lighting, bike racks, and more seating and is being managed by Missoula Downtown Partnership with support of Parks Impact Fees, (\$75,000) and private fundraising. Future phases will include climbing boulders, parkour park, and skateboarding features, as well as improvements to pedestrian circulation and stormwater drainage.</p>							
History & Current Status: Impact if Cancelled or Delayed							
<p>The City has formal agreements with Montana Department of Transportation (MDT) for use and maintenance of the park space under the bridge. Missoula Downtown Association is actively fundraising for the project and is partnering with the City for maintenance, installation and permitting with MDT. Cancellation or delay would affect public use of the parks as well as present public safety and liability concerns.</p>
