Department Goal			# of FTE's in this request

1. How will request assist in achieving Department Goal and benefit the customer

The City is required to hold elections in odd numbered years. We have 11 open races this year, including 7 city council seats, 1 mayoral election, and 3 municipal judges all on the ballot(s). Ballot costs are determined based on proportion of ballot used compared to other issues, districts and races. The City could be responsible for the full cost if only City seats and issues are on the ballot(s).

2. What specifically is needed to achieve this goal?

Funding this request is not optional. The estimated cost provided by the County Elections Office are \$200,000 for the primary and \$200,000 for the general election.
